

COMMUNITY PARTNER SPONSORSHIP PROGRAM

FAITH • FAMILY • BASEBALL

DEVELOPING ATHLETES. BUILDING CHARACTER. GROWING YOUNG MEN.

The Tri-City Tridents are a youth baseball organization serving families throughout the Tri-Cities, Washington. Our goal goes beyond baseball: we help young athletes grow through faith, family, character, integrity, perseverance, and teamwork.

In 2027, we plan to field four teams—9U, 10U, 11U, and 12U—creating more opportunities for local athletes to compete, develop, and grow in a positive environment.

OUR 2027 COMMUNITY GOAL

\$10,000 IN SPONSORSHIP SUPPORT

This is our initial fundraising goal—not a limit on community participation. Sponsorship support has not yet been secured.

WHY COMMUNITY PARTNERS MATTER

Tournament fees, uniforms, equipment, indoor training, field use, insurance, and other season expenses add up quickly. Community partners help us keep registration costs reasonable while providing the resources our athletes and coaches need.

ONE ORGANIZATION. FOUR TEAMS.

All 2027 sponsorship contributions support the Tri-City Tridents organization as a whole, including our 9U, 10U, 11U, and 12U teams. Funds may support team expenses, shared operating needs, and approved program development. Banner placement is an advertising benefit determined by sponsorship tier; it does not designate funds to a particular team.

2027 SPONSOR VISIBILITY

Our four teams are planning 24 team-tournament entries and at least 72 guaranteed games, based on three guaranteed games per tournament entry. Additional games may be played depending on tournament formats and results.

Sponsor recognition may appear on our four team banners, the Partners page, Facebook and Instagram, and—exclusively for the Presenting Partner—eligible live GameChanger streams. Actual exposure varies with schedules, banner display permissions, game streaming, attendance, and online engagement.

BANNER SPACE & RECOGNITION

Our current plan is four coordinated team banners, each featuring the team identity, player names, and tier-based sponsor logos. The stated sponsor limits are planning capacities and are subject to final layout and legibility checks before placement is confirmed.
